Work Authorization and Assignment of Benefits

We have been hired by your insured to restore their property. We have enclosed our Work Authorization signed by the property owner and assigning benefits to The Fire Works for work we are performing.

The Fire Works should be listed as an additional payee on all checks covering contents restoration. The Fire Works is committed to giving your insured quality restoration work in a timely and professional manner. Failure to include The Fire Works as an additional payee can delay the restoration process. We ask that you comply with this request to insure the proper funding of this project.

We look forward to working with you and your insured.

CONTENTS DISCLAIMER

We carefully inspect contents and select items that we believe have a high probability of successful restoration.

However, due to the very unpredictable nature of different smoke odors, the type of soot residue involved, the exposure time, the exposure temperature, the time before restoration begins, the fuel source, the amount of oxygen available and the varying composition of textiles and other materials effected, we cannot guarantee that all items will be fully restored to their pre-loss condition.

We incur the same costs to restore an item regardless of the success. Therefore, the price that is charged is not conditional upon success. Contents are available for client's inspection in our facility prior to draw issuance during normal business days and times with prior scheduled appointment. In the event of a widespread catastrophic event, the contractor may temporarily halt work for 90 days with no effect on this agreement. Contents packed out to the premises of contractor will be stored at a fee of \$1.80 per square foot per month for the space occupied with a minimum storage fee of \$50.00 per month payable monthly in advance not to be prorated for less than a full month. If any monthly storage fee becomes delinquent for 30 days or more, contractor shall have the right to dispose of contents after giving client 30 days written notice sent by regular mail to the address of the property loss. Any monies owing for contents restoration or storage must be paid in full before contents are released from contractor's possession. The customer agrees to give contractor at least 21 days notice of desired delivery date. Any item(s) brought to our warehouse but not cleaned is subject to a handling charge of not less than 50% of the cleaning cost. Once the pack-out of contents has been completed, contractor requires 3 days notice to unpack and clean individual emergency items. Charges of \$40 per hour will apply to any such special handling requested. Once contents are released from contractor's possession, client has 14 days to inspect and report any dissatisfaction in contents cleaning or damaged items. Client agrees to render payment for services provided based on contractor's standard terms, but no later than 1 week prior to move back.
